

CELL PHONE USE POLICY

FOR HIGH SCHOOL STUDENTS ONLY

At the beginning of the school year, all High School students are eligible to have their cell phones on campus. Beginning in Quarter 2 through the rest of the year, only students with a GPA above a 2.5 will be allowed to bring and have access to their cell phones on campus. GPA checks will then be done on a quarterly basis. *(For example: If Student X is eligible after Quarter 1, they may have their cell phone for the entire next quarter. This will then repeat each quarter afterwards. If Student Y is not eligible after Quarter 1, or any quarter, they remain ineligible until the next quarter.)*

Cell phones should be put away and on “silent” at all times unless indicated. Any cell phone that is displayed and/or being used during an unauthorized time can be confiscated and turned into the Dean’s office.

- 1st Offense- Written referral and loss of cell phone privilege until the end of the following academic day.
- 2nd Offense- Written referral and loss of privilege for one week.
- 3rd Offense- Written referral and loss of privilege for the rest of the academic quarter.
- 4th Offense- Guardian must attend a conference with the Dean in order to pick up the phone.

Refusal to relinquish a cell phone to a SEED staff member may result in a more severe consequence.

The Cell Phone Usage Policy and Expectations agreement must be signed by both the student and guardian before the student is permitted to have a cell phone on campus. **Students understand that they are bringing their cell phones at their own risk and The SEED School of Miami is not responsible for any lost, stolen and damaged cell phones in their possession, regardless of circumstance.**
